

Roby Park Primary School  
Year 4 Geography  
Where does our food come from?

## Thinking Homework

Your child must complete at least one activity from the chart below.  
Films or photographs can be uploaded to your child's Seesaw profile.

Please return completed tasks on  
**Thursday 3<sup>rd</sup> December.**

Knowing	Understanding	Applying	Analysing	Creating	Evaluating
Try a new food from a different culture. Write a detailed description of the experience.	Follow a recipe, weighing and measuring all the ingredients yourself. Remember to photograph yourself in action!	Grow something at home in a pot inside or in your garden. It could be a herb or vegetable. Remember to take good care of it and once it's grown, bring it in for the class to see.	Find 10 foods in the supermarket that come from the same country. Write what they are and draw/ photograph them.	Create a piece of art using food as the medium ideas: potato printing, dried pasta, fruit, beans lentils, still drawings. You could look at the work by Giuseppe Arcimboldi for inspiration.	Keep a food diary for a week, from Monday to Friday. Write down what you eat each day for breakfast, lunch and dinner. Which countries did your food come from?
Recording		Researching		Designing and/or Making	
Collect pictures of a wide range of foods from magazines, newspapers, packaging etc. investigate the food - where was it grown? Where does the recipe originate from? Can you group the foods?		Why can we buy strawberries all year round? Produce and information leaflet explaining what you find out.		Design your own food packaging. This could be for any food. For example, chocolate wrapper, raisin box or bread bag.
