Knowing	Understanding	Applying	Analysing	Creating	Evaluating
Set up your own toy shop at home! Give some of your toys price tags. Buy an item and find the correct coins needed to pay. Can you buy more than one item and add to find the total?	Interview grandparents or an older relative about toys they played with when they were younger? Share a video on Seesaw or write some of their answers down.	Design a poster for a toy. Make it eye catching and include information about the toy. Write a description of the toy, what it does and why people should buy it.	Sort your toys into groups. You can decide how you sort them, e.g. new and old or wheels and no wheels You could take a photograph of your sorting or write your results in a diagram.	Create a picture of your favourite toy using pastels, paint, colouring pencils or pens or even collage.	Can you look in a catalogue and find pictures of toys to make a timeline - stick them on in order E.g. babies, toddlers, young teenagers, older teenagers
