

Roby Park Primary School Year 1
Biology
Parts of Animals (Humans)

We already know:

- ✓ Identify different parts of their body.
- ✓ Have some understanding of healthy food and the need for variety in their diets.
- ✓ Show care and concern for living things.
- ✓ Know the effects exercise has on their bodies.
- ✓ Have some understanding of growth and change.
- ✓ Talk about things they have observed including animals.

We are learning to:

- Name and locate parts of our bodies, including the sense organs.
- Name parts of the bodies of animals
- Use species specific vocabulary, e.g. fin, wing, paw.
- Describe, compare and contrast two different animals.
- Understand the functions of the sense organs,
- Identify familiar scents, textures, tastes and sounds.

Roby Park Primary School Year 1 Biology Parts of Animals (Humans)

We already know:

- ✓ The names of different parts of my body.
- ✓ How to keep healthy by doing exercise and eating healthily.

Key Vocabulary

sight - your eyes let you see all the things around you.

hearing - your ears let you listen to sounds around you.

touch - your skin gives you the sense of touch. you can tell if something is warm, cold, smooth or rough without even looking at it!

taste - your sense of taste comes from your tongue. you can tell if something tastes bitter or sweet. you might have some tastes you like and some you don't.

smell - you smell using your nose. your nose can tell if things smell nice or not

The Power of Four

We have to take care of our bodies. We only get one.

The human body can do so many things: it can bend, run, jump and sleep. It can see hear, smell, taste and touch. It can talk, sing and paint!

We have five senses.

- 1) We smell using our nose.
- 2) We taste using our tongue.
- 3) We touch using parts of our body,
- 4) We see using our eyes.
- 5) We hear using our ears.
